

How to personalise your definition of success

Be creative, allow yourself to stretch your definition of success to the limits. Be bold, be brave. Write down what makes you happy, what you believe is achievable and then take it one step further. There are no right or wrong answers. Your potential is limitless!

The worst thing one can do is not to try, to be aware of what one wants and not give in to it, to spend years in silent hurt wondering if something could have materialised - never knowing
